**Parents Chose Us for Our
Proven Bilingual Programme**

WHY CHOOSE US

Voted the #1 Trusted Choice of Parents

With glowing parent reviews and recognition from industry leaders, we have been consistently regarded as one of the top leading preschools in Singapore.

Strong Bilingual Foundation for School Readiness

Our comprehensive curriculum equips children to become confident bilingual communicators, while building a solid academic foundation and preparing them for a smooth transition to Primary 1.

Effective Inquiry-Based & Montessori Approach

Blending Montessori principles with inquiry-based learning, our curriculum is designed to shape the whole child. Through hands-on exploration and a variety of all-inclusive enrichment programmes, our children become curious, lifelong learners with a love of learning.

Nurturing Environment Where Play Meets Learning

Every centre is thoughtfully designed with spacious classrooms, outdoor play areas, and specialised learning corners and social pods that inspire exploration while ensuring children's safety and well-being.

Experienced Educators with a Track Record of Success

Our teachers are carefully selected, well-trained, and deeply committed to each child's development. Their experience and care, combined with our robust curriculum, have yielded a track record of satisfied parents and successful graduates.

by Singapore's Child

At **Raffles Kidz International**, we believe that children are naturally curious, active and competent learners who construct their own learning through exploratory and purposeful play. Our teachers support this process by facilitating and inspiring them in their learning journey. Parents are our partners, whom we actively involve and collaborate with, in educating our children. We thoughtfully design our learning environment for children to explore and play while also providing them with opportunities to interact with people, nature and the community.

We support and educate the whole child by developing our children's minds and hearts to become lifelong learners.

Nurture Hearts | Inspire Minds

OUR VISION

We are committed to educating the whole child to have the best head start in life.

OUR WHOLE CHILD

Confident Communicator

Our children are confident speakers who can express their needs and ideas clearly. They listen attentively while respecting the opinions of others.

Open-minded Inquirer

Our children are inquisitive with a thirst for knowledge. They are curious learners who are open to exploring and asking questions.

Independent Thinker

Our children are observant of their surroundings and can think independently. They can use their own judgment to solve problems.

Creative Contributor

Our children are innovative and can think out of the box. They are willing to explore greater or new ways of doing things.

Collaborative Team Player

Our children are team players and leaders. They work well in teams during group activities and will not hesitate to take the lead.

OUR MISSION

Children

We inspire our children to become confident, intelligent and creative learners with integrity.

Teacher

We support our teachers to achieve professional development and work-life balance.

Parent

We partner with our parents to shape our children's learning and development.

Community

We contribute to our community to maintain family and social harmony.

OUR PEDAGOGY

Our bilingual curriculum caters to the holistic development of the whole child, with an emphasis on academic foundation, critical thinking, knowledge acquisition and problem-solving skills.

To achieve these, our pedagogy has the following four pillars:

Immersion Model

Our interactive and immersive bilingual learning environment, where teachers interact with children in both English and Chinese, paves the way for children to become naturally bilingual.

Montessori Method

Children can learn language and numeracy foundational skills through a structured and progressive approach, with room for their independent and self-paced learning to occur.

Project Approach

Teachers facilitate children's interest of inquiry, leading them to think critically and creatively. Children embark on projects where they solve authentic problems and explore new topics.

Enrichment Programme

Our enrichment programmes offer children concrete experiences in the exploration of art, culture and cookery. Lessons are integrated with literacy, creative thinking and life skills.

OUR CURRICULUM

Our comprehensive, structured and interactive curriculum is built to develop our children's social dispositions and help them acquire skills and knowledge.

CORE MODULE

We equip our children and nurture their interest in core subjects of English, Mandarin and Mathematics.

Love for English

- English Language

Love for Chinese

- Chinese Language

Math Thinker

- Numeracy

Fun with Fitness

Driven by individual interests, our children will learn through meaningful and purposeful play to develop their motor and social skills.

Learning Corner

- Language
- Manipulative
- Reading
- Arts
- Discovery
- Dramatic

Outdoor Fitness

- Playground
- Obstacle Challenge
- Splash & Splash

OUR PROGRAMMES

PRE-NURSERY (18 - 30 MONTHS)

In a carefully curated learning environment, a range of hands-on discovery activities is facilitated to let toddlers learn about the world around them and develop independence. They will have ample opportunities to explore their interest, actively engage in social interactions and refine their gross motor skills.

NURSERY (30 MONTHS - 4 YEARS OLD)

Our purposefully designed learning environment cultivates children to be lifelong learners with a thirst for knowledge and learning. Teachers will work alongside children and provide opportunities for them to explore, investigate and get involved in hands-on active learning.

KINDERGARTEN (5 - 6 YEARS OLD)

We aim to ensure a seamless transition into primary school by carefully planning lessons for children to be academically ready and confident to start their new learning journey. Children will be engaged in innovative activities including outdoor excursions designed to develop their world perspectives and social skills.

WHAT DO PARENTS THINK OF US?

“ We were worried that he would have difficulties interacting with others at school and achieving developmental milestones. But under the care of his teachers, within a few months, he has surprised me with many things that he is capable of doing and we would say that he has progressed well. I am grateful that my boy gets to attend a school with such outstanding and passionate teachers. In RKI, I am assured that my boy is in good hands. ”

**PARENTS OF ETHAN (N2),
PUNGGOL**

“ As a working first-time mom, I had a hard time overcoming the separation anxiety with my son. During the first 2 weeks of school, teachers constantly updated us on his progress, giving us peace of mind at work. My child adapted very well and we can tell that he is happy to be in school. He always smiles when he sees his teachers. We are glad we chose Raffles Kidz! ”

**PARENTS OF KEITH (K1),
JURONG WEST**

“ I’m incredibly happy that I chose Raffles Kidz for my child. From the very first day, the warmth and kindness of the teachers stood out. They take such wonderful care of my child whether it’s helping him settle in, offering a warm hug when he is upset, or simply greeting him with a reassuring smile. It truly feels like a second home, and as a parent, that peace of mind is priceless. I’m so grateful to have found such a loving and supportive school. ”

**PARENTS OF FARSHAD (N1),
ANG MO KIO**

“ Kaeden was not able to talk when he started school and looking at his progress now, we can only thank Raffles Kidz and the teachers. Kaeden looks forward to school every day and frequently mentions good things about all the teachers, even those who are not teaching his class. I am very extremely grateful and will definitely recommend my friends to the school. ”

**PARENTS OF KAEDEN (K2),
BUKIT PANJANG**

“ My son has just joined the centre three months ago but we felt that it has been a long time. As working parents, my son spends more time in childcare than at home. The teachers at Raffles Kidz are not only highly qualified but also genuinely passionate about early childhood education. Communication between the school and parents has also been exceptional. So, it's really comforting and assuring to witness and experience the high level of professionalism, love and care that the team has showered on my kid. ”

**PARENTS OF LEANDRO (PN),
YIO CHU KANG**

“ We feel good dropping off our son at school knowing he is in safe and caring hands. Many thanks to my son's teachers and the school's non-teaching staff for playing a part in creating a positive environment for the children. My son is always excited to go to school and comes home eager to share everything he's learnt that day. We couldn't be happier with his experience here. ”

**PARENTS OF ADAM (K2),
SURBANA JURONG CAMPUS**

OUR INNOVATIVE LEARNING ENVIRONMENT

Children can look forward to fun, enriching and interactive learning experiences in all our schools.
